Satta Matka is one of the most famous terms related to all famous Mumbai side lottery ( satta ) games. Some most famous Matka games are [Kalyan Matka](#), Milan day/night, Rajdhani day/night etc. in all these games, people have to predict some lucky number from 0 to 9 and bid their money on that if they win to find out today's lucky number. They get a good amount of money from the bulky side. Buckey is one of the agents of a lottery game company where people can bid their money on that particular lucky

number. In these games, many types of bidding options are available, like a bid on a single number from 0 to 9 called “Single,” bid on two numbers from 00 to 99 called “Jodi,” bid on three numbers called “Patti or panel.” They also get different rates on winning of all above three types, i.e., single, Jodi and panel. Approx rates are below

To play the SATTA MATKA game, you have to find a game agent we generally call Bookie. You can bid your favourite number in front of Bookie, and he forwards your lucky number bid amount to his senior Bookie. When you win your lucky number, then you have to collect your winning amount also from Bookie; it is the responsibility of Bookie to give your winning amount whenever you reach there after opening the result of the respective game. We can also play the [SATTA MATKA](#) game online by using various online apps and websites, you simply log in there and deposit your money there, and you get your deposit money in terms of points. You can use these points in various matka games for playing your lucky number. As a result comes if you win your lucky number, then you receive your winning points and add them to your wallet; you can withdrawal your points in your bank account, phone or Google pay.
