

BUY HIGHLY DURABLE AND FUNCTIONAL SENIOR LIVING FURNITURE IN MICHIGAN

It is no surprise that as we grew old our body change, yet somehow that truth is usually overlooked when it is about stipulating furnishing for your senior loved ones. Furniture needs to be designed precisely so that it not

just works perfectly for the aging body but also for those in & out of senior living communities.

There're a large number of details we take into account while designing senior living furniture in Michigan for our senior living projects, be it for new build or renovation.

For instance, the pitch of the seating options needs to be flawless. People of old age are likely to sit longer to finish their meals and need adequate back support. Therefore, having the right pitch is really important. Identically, the skin of elderly people become thinner with time goes on, so it makes sense to be careful of sharp corner on chairs, tables, etc. and rather get furniture that have smooth & rounded corners.

We take all these factors into consideration to offer a practical and comfortable space where seniors can thrive in.

With our heavy experience in the senior living and hospitality industry, we have discovered that senior living communities aren't modernized as frequently as multifamily and hospitality. Keeping this in mind, we build furnishing that's sturdy and can stand the test of time. We use furniture frame that are capable of enduring the abuse of wheelchairs, walkers and years of continuous use.

We always give cleanability of furniture equal importance. Due to this, we use commercial-grade fabrics that are wipeable & bleachable. This makes things a whole lot easier for caregivers & janitorial staff.

At Intellicare Furniture, we stand behind every furniture we manufacture for seniors.

We custom design [Senior Living Furniture in Michigan](#) ensuring that our elder ones receive something that is beautiful, senior-friendly, cleanable, and not to say durable. For any help, feel free to get in touch with us at 1.800.764.2392 or email on info@intellicarefurniture.com.
