## Requirements

At our first meeting, we will discuss your requirements, ideas, expectations, and price of your Shopify development. Having a fine start will lead to the creation of great things.

We will provide you with a timely prototype consisting of various technical elements that will give you an idea of the work to be ready in the future, after which we will set the rates.

## tion

Once you approve the prototype, we will develop the final store and implement all the features to the store at your request. After confirming that everything looks good, we will launch your Shopify store online.

## Support

After the site is made public, we provide you with a warranty and free support on our work. You can contact us for any assistance regarding your Shopify store.

## The Challenge

Kings Trader is a "Ready-to-wear" shoe collection store that also gives you an amazing option of customizing a shoe as per your preferences. The website was created using Shopify, and all of the

work was taken care of using the Shopify Store's theme customization.
